West Allis	WA19		200 blk 56th Street	MEN
West Allis	WA15		Root River Pky -2700 -3400	Root
West Allis	WA16		Cleveland St - 112th St. - 117th St.	Root
West Allis	WA17		W. Grant to Becher St. 109th St. - 110th St.	Root
West Milwaukee			No reported overflows to WDNR during study period	
Whitefish Bay	WB1		Circle Dr.	LM
Whitefish Bay	WB2		Lake Drive and Lakeview	LM
Whitefish Bay	WB3		Idelwild / Briarwood	LM
Whitefish Bay	WB4		Newhall/Fairmount	LM
Whitefish Bay	WB5		Hampton/Sheffield	LM

Notes:

1) This is not a comprehensive list of permitted overflow locations. It only lists locations that reported overflows during 1996-2002 by the local communities.

WDNR does not have a comprehensive list of SSO outfall locations where all local outfalls have or possibly could occur.

No overflows were reported to the WDNR during the 1996-2002 study period for the following permittees:

Bulter, Concordia College, Franklin, Glendale, Greendale, Oak Creek, St. Francis, West Milwaukee

2) Numbers were assigned by the modeling team so that each outfall had a discrete identification number.

Not all communities assigned outfalls with identifying numbers

Notes: Source: WDNR

Listing of permits prepared by WDNR [Excludes Storm Water Permits & Municipal Bypass & Overflow Permits]

X = Permit Data used as input for calibration and verification of Water Quality Models

1=No data collected from WDNR for model because expected low impact from discharges due to type of source or the permit does not require sampling for parameters of interest being modeled.

2= Looked for data in WDNR but found no data on file for various reasons or the file only had T or flow data
